ROMAN

see page 96

A flowing arch and strong structured foot are an inspiring and compelling combination for this knob and pull collection. The high arch of Roman's pull discreetly adds the additional height aging in place and ADA projects require while presenting a refined look.

DOMINIQUE

see page 50

Dominique fuses daring lines with a delicate contour, resulting in a perfect balance of grace and power. With an abundance of pull lengths and knob shapes to choose from, this collection is a winning choice for transitional and contemporary designs.

PHILIP
see page 90

A playful flare echoed in Philip's pull and coordinating knob creates excitement and a bit of romance. The design options for this lively pull and knob combination are matchless in appeal.

WHEELER
see page 112

Controlled lines following a gentle contour result in an enchanting union of beauty and style. Wheeler offers meticulously styled pulls paired with a brilliantly angled octagon knob to dress up any kitchen, bathroom or closet.

KNOX see page 140

A subtle reflection of a warded lock key, Knox pairs leading lines and intentional curves for a simple yet distinctive look. This closed-ended bar pull series offers a generous 1" hand clearance for an aesthetically pleasing option for aging in place and ADA projects.

HADLY see page 136

Elements' Hadly collection has been expanded to include new pull lengths and trendy finishes. Fun and lively, a soft square silhouette is echoed in Hadly's pull and knob. Flourishing quickly into a crowd favorite, extended lengths and finishes have been added to deepen its appeal.

THATCHER

see page 156

A slightly round strap sitting atop the rounded feet of Thatcher creates a casual, easy-going vibe. A matching T-knob combined with extended lengths and top trending finishes make this collection the perfect match for any style of cabinets.

TRENDING finishes

Today's hottest gold tone and black finishes are available in our most popular collections.

A step above...

QUALITY, SELECTION, & DESIGNS

Design Details

50+ patented and original collections plus industry standard designs in a wide variety of styles including Traditional, Transitional and Modern/Contemporary.

Heavier in Weight

Our designs have solid or flat backs, providing a comfortable feel in your hand.

Made from Quality Materials

Zinc/Zamak Alloy – A Zinc alloy that contains approximately 4% aluminum which provides excellent die castability and strength, resulting in a durable, corrosion-resistant product. Zinc is also a clean and recyclable material, making it eco-friendly.

Steel – durable and resistant to corrosion, providing a superior product.

Lifetime Warranty

Hardware Resources believes in quality, integrity and reliability by offering a lifetime warranty on all of our Jeffrey Alexander decorative hardware (see page 206).

DB929-GRY Mirada hardware on Designer Grey display board

ADVENTUROUS

Be adventurous with the bold but somehow familiar strap pull of Mirada. Its broad vaulting strap mingled with a controlled rectangular foot and matching knob will doubtlessly make a statement. Shown in Matte Black.

Pull Escutcheons

P106-SB shown in use

1094SN shown in use

1094SN and PE03SN shown in use

Pull Escutcheons are a low profile transition from existing 3" CC holes to longer 96 mm CC, or 4-1/4" CC to 128 mm CC. Paired with our most popular cabinet pulls, they virtually disappear once installed. A second pair can be used on the inside of the cabinet door to cover the back of the original holes.

Item	Coordinating Pulls	Inner Box	Master Carton	Finishes

installing decorative hardware

Professional Grade Drilling Jig

- Fast and accurate
- Adjustable for up to 12" CC
- Centers on any width drawer up to 16" wide
- Stile and rail minimum width of 1/2"
- Durable aircraft aluminum construction

Professional Grade
Hardware Drilling Jig
Item #: HDJ-300

Includes:

T-square with center bushing
2 sliding drill guides
End stop
Top stop
5 mm drill bit
Carrying Case

Drilling Jigs & Templates

Drilling Jig Extension Set

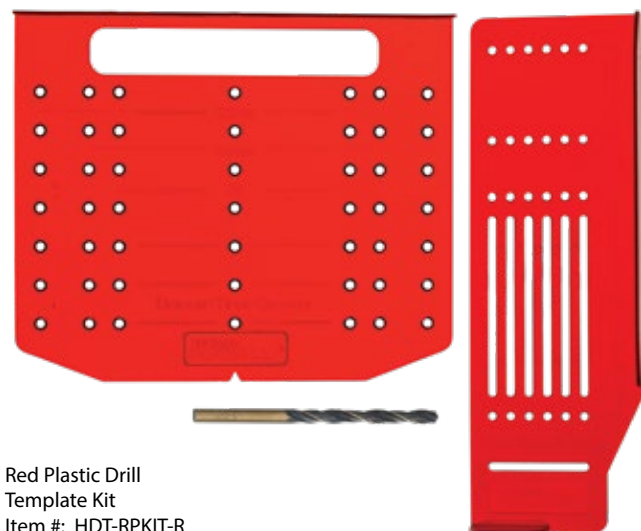

- Allows for fast installation of cabinet handles up to 38" CC (960mm) when attached to HDJ-300 (Sold Separately)
- End Stop centers on any width of drawer up to 42" depth
- Doubles as a portable 32mm shelf pin jig
- Stile and rail minimum width of 1/2"
- Durable aircraft quality anodized aluminum
- Made in the USA

Hardware Drilling Jig
Extension Set
Item #: HDJ-960-EXT

Includes:

Long Pull / Shelf Pin Extensions
Extended Ruler Attachment w/
Double Bracket
5mm Drill Bit
Carrying Case

Red Plastic Drill
Template Kit
Item #: HDT-RPKIT-R

Knob & Pull Drill Template Kit

- Easily install knobs and pulls ranging from 3" to 128 mm (5-1/16") on cabinet doors and drawers in three to four easy steps.
- Line the template on the cabinet door or drawer and mark the desired locations of your hardware. Drill using the 3/16" drill bit, then install!
- Retail packaged

Includes:

Red Plastic Door Template
Red Plastic Drawer Template
3/16" drill bit

Display Boards

Designer Grey display boards

- Stylish design
- Multiple finishes displayed
- Black edge on grey
- Attractive Metal logo
- Price code on each piece

Quickly select decorative hardware

The price code on our Designer Grey display boards under each piece, and a corresponding price code key on the tower edge or wall, make it fast and simple for your staff and your customer to know the approximate price at a glance.

- Price code key available in a sticker for the tower (part number DISPLAY-KEY19) or as a printable PDF for framing.
- Prices on the printable price code key can be modified by you for your market
- Change prices each year by changing the price code key, not the display board

The image displays a collection of eight Aiden jewelry pieces, arranged in two columns. The pieces are made of various materials, including wood, metal, and stone, and are arranged in a clean, minimalist layout. The top of the image features the brand name "AIDEN" in a large, bold, sans-serif font. Below the brand name, the word "AIDEN" is repeated in a smaller, all-caps, sans-serif font. The jewelry pieces are arranged in two columns, with four pieces in each column. The pieces are made of various materials, including wood, metal, and stone, and are arranged in a clean, minimalist layout. The finishing touches

TOP: Hayworth in Polished Chrome adds industrial elegance to these ebony stained cabinets.

Decorative cabinet hardware is the perfect finishing touch in kitchens and baths, but why stop there? Anywhere there are cabinets in a home is an opportunity to add a little extra charisma and pizzazz with Jeffrey Alexander and Elements decorative cabinet hardware and hooks. Laundry rooms, mudrooms, living rooms, wet bars, closets, pantries – the possibilities are endless!

BOTTOM: The playful flare of Philip in Satin Nickel adds drama to this black living room wet bar.

designed to make a statement

Knobs & Pulls

TOP: Callie in Brushed Pewter adds a touch of sophistication to this white Shaker laundry room.

MID: The substantial Sonoma knobs in Matte Black contrast the cool green urban laundry room.

BOTTOM: Key Grande's refined silhouette in Brushed Gold adds glamour to the slab drawers and glass doors of this laundry room.

Finishing touches designed to make a statement

TOP: Aiden pulls and Elements hooks in Brushed Oil Rubbed Bronze leave a charming impression on this mudroom.

MID: Contrasting cabinet finishes of blue and white in this deluxe closet open the door for playful contrasting cabinet hardware finishes of Brushed Gold and Matte Black Philip pulls.

BOTTOM: The boundless allure of Elara pulls in Satin Bronze ties this luxurious bath and closet space together with a delicate touch.

For best results, use water and a mild soap with a soft cloth. Avoid glass cleaners, general kitchen/bathroom cleaners and other abrasive cleansers, as those cleaners could damage the finish.

Soap & Water Method:

1. Fill a bowl or sink with warm water and add a squirt of dishwashing liquid or olive-based soap. Swish the water around with your hand to make suds.
2. Dip a rag into the soapy water and wring it out.
3. Wipe the cabinet hardware with the soapy rag. For tough grime, dip a soft toothbrush into the soapy water and scrub gently.
4. Rinse the rag, wring it out and wipe the cabinet hardware to remove the soap residue.
5. Buff the hardware with a dry chamois cloth to polish and shine it.

Vinegar Method

1. For tougher cleaning, use a solution of one part white vinegar to one part water.
2. Moisten a rag with vinegar solution.
3. Wipe the hardware with the rag. If the rag becomes dirty, rinse the rag with water and remoisten with the vinegar solution.
4. Buff the hardware with a dry chamois cloth for a nice polish and sheen.

Product Warranty

Hardware Resources believes in quality, integrity, and reliability. We uphold the highest standards of service and responsibility in the industry.

As such, Hardware Resources warrants all decorative cabinet hardware products against defects in material and workmanship as long as the original consumer purchaser owns the products, if the original consumer purchased the products from an authorized distributor of Hardware Resources. Hardware Resources cannot guarantee the quality or condition of products from distributors who do not agree to meet our high standards, and therefore, no warranty is provided for products from unauthorized sellers.

If the finish of any of these items tarnishes, corrodes, rusts, begins to chip or rub off or has any other defect, Hardware Resources will send to the original purchaser, a new replacement product of the same or comparable style and quality at no charge. If a replacement is no longer available, Hardware Resources will refund to the original purchaser, the current wholesale value of the knob or pull.

This warranty is a warranty of replacement only. Hardware Resources specifically does not warrant removal of the product nor installation of replacement new product. This warranty does not apply when the item has been tampered with, misused, improperly installed, altered from the original form, or damaged through improper cleaning, abuse or accident.

All brushed and machined finishes are created by hand to add texture to the item. We hold a tight range of acceptance for color variation, however, a slight variance in the texture and tone of these items can occur. We consider these variances to be minimal and are not considered a defect in the product.

In the unlikely event that a defective decorative cabinet hardware item is encountered, please contact Customer Service at 800.463.0660. Please be able to provide a brief description and photographs of the defect.

Decorative Hooks

A SIMPLE, YET VERSATILE PIECE OF HARDWARE FOR THE HOME THAT IS OFTEN FORGOTTEN.

YD55-587DBAC shown in use. See page 214

For kitchens, baths, closets, laundry rooms, mud rooms and many other places, Elements offers a wider array of decorative wall hooks to complement any project.

Elements hook features:

Made to Last

They are manufactured out of durable zinc die-cast and are weight tested to hold up to 35 lbs.

Same Beautiful Finishes

Available in the same popular finishes as our Jeffrey Alexander and Elements decorative cabinet hardware for a cohesive look throughout the house.

Lifetime Warranty

Elements by Hardware Resources believes in quality, integrity and reliability by offering a lifetime warranty on all of our hooks.

Coordinate the style of your hooks with the knobs & pulls in your kitchen, bath, closet or laundry room. It's easy to coordinate the two since our hooks are available in our most popular finishes: Satin Nickel, Polished Chrome, and Brushed Oil Rubbed Bronze.

Not sure what style hook to select? Start with the shape of your decorative hardware. If your knobs & pulls are square, choose a hook with similar square edges. If your knobs & pulls are rounded, choose a hook with round ends.

Stylish hooks create a cohesive look throughout the whole living space

Shared finish codes between Elements & Jeffrey Alexander will ensure easy hook & hardware coordination

We offer an array of hook styles & shapes for a variety of choices

**Mix style with
function in
your kitchen**

Hang kitchen items in a convenient place for accessibility or just to add a stylish touch.

**Hang a reusable
shopping bag
or lunch bag**

Attach a hook, or two, in your pantry for easy, out-of-the-way storage of a reusable shopping bag or lunch bag!

**Stage an outfit
for tomorrow**

A double or triple hook on the back of a closet door or on a wall makes staging tomorrow's outfit much easier, especially in kids' rooms.

**Clever & convenient
backpack storage**

Add hooks in the mud room, laundry room or kids' rooms to neatly hang backpacks after homework is done.

**Bathroom
organization**

Use hooks in the bath to keep everyday items off the countertop yet within reach, reducing clutter.

Requires two kits to install two doors.

Features

Use two kits side-by-side for a large, double door opening

Barn door hardware kits include soft-close

Maximum door weight of 220 lbs

Includes an 8 foot rail that works with doors up to 48" wide

The kit includes:

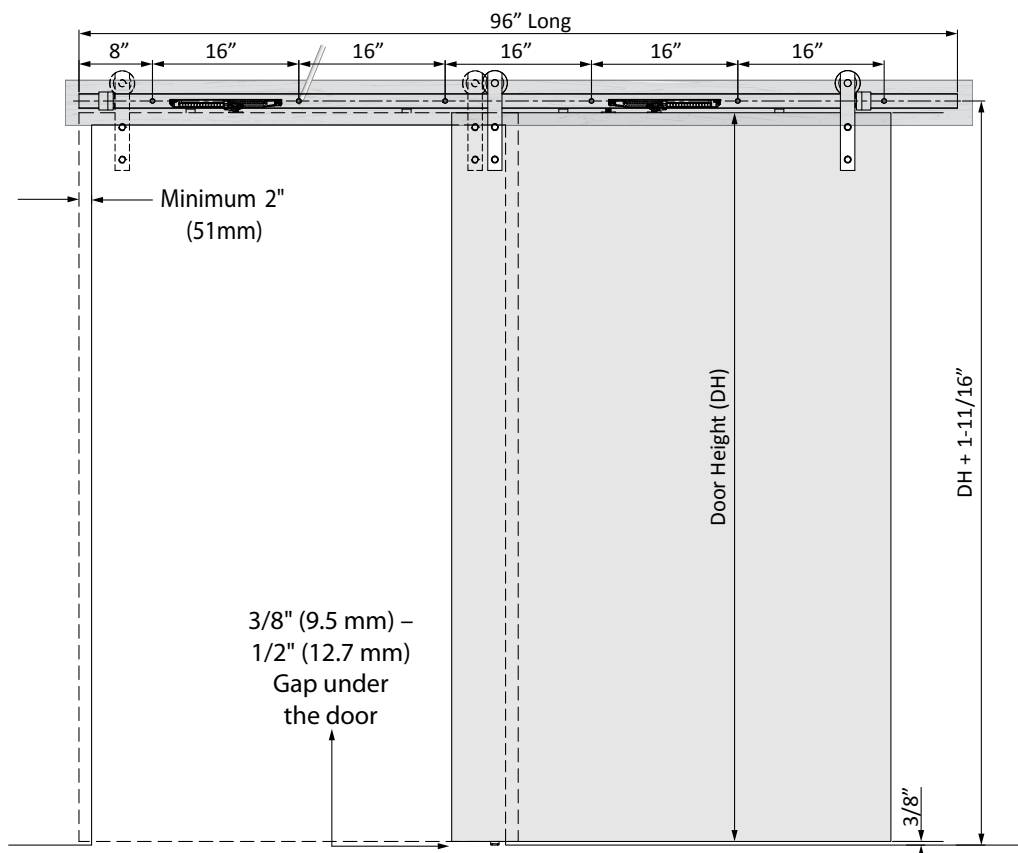

- (1) Flat 8 foot rail
- (2) Door rollers
- (2) Door stops
- (6) Wall brackets
- (2) Anti-jump disk
- (1) Door guide
- (2) Soft-close dampers
- Hardware in matte black finish

You Buy. You Try. You Decide.

Place a Trial Order any new-to-you functional products and try them out. If you're not satisfied we'll take them back. Guaranteed!

How the Trial Order program works

1. Place a Trial Order for slides & qualifying barn door hardware kits. Trial Orders can be combined with a regular order. We pay the freight on Trial Orders.
2. Test the products risk-free.
3. If you're not completely satisfied, call us. We'll give you immediate full credit on the Trial Order purchase. We'll arrange for the products to be picked up later – no need to save the original packaging, ship them back, etc. We make it easy. We would appreciate hearing your observations on the products.

How to order

1. Call **800-463-0660**
2. Use code **TRIAL-BARNDOOR** for the Trial Order products

Hardware Resources believes in quality, integrity, and reliability. We uphold the highest standards of service and responsibility in the industry.

As such, Hardware Resources warrants all functional hardware items against defects in material and workmanship as long as the original consumer purchaser owns the products, if the original consumer purchased the products from an authorized distributor of Hardware Resources. Hardware Resources cannot guarantee the quality or condition of products from distributors who do not agree to meet our high standards, and therefore, no warranty is provided for products from unauthorized sellers.

If the finish of any of these items tarnishes, corrodes, rusts, begins to chip or rub off or has any other defect, Hardware Resources will send to the original purchaser, a new replacement product of the same or comparable style and quality at no charge. If a replacement is no longer available, Hardware Resources will refund to the original purchaser, the current wholesale value of the hardware.

This warranty is a warranty of replacement only. Hardware Resources specifically does not warrant removal of the product nor installation of replacement new product. This warranty does not apply when the item has been tampered with, misused, improperly installed, altered from the original form, or damaged through improper cleaning, abuse or accident.

In the unlikely event that a defective functional hardware item is encountered, please contact Customer Service at 800.463.0660. Please be able to provide a brief description and photographs of the defect.

Bath Hardware

Elements bath hardware families Fairview, Newbury and Bridgeport are offered in both plain white box contractor packaging for bulk purchases and retail packaging with attractive design and window cutout for cash and carry.

FAIRVIEW

NEWBURY

BRIDGEPORT

Contractor Packaging:

A secure plain white box with the Elements brand logo on the front of the box. Specifically designed to provide cost savings to builders who simply want the hardware, and don't require eye-catching packaging.

Retail Packaging:

Specifically designed for retail environments to appeal to the end user when planogrammed on the shelf. Attractive packaging with windows that showcase the product for the end consumer. Retail packaging includes a UPC code printed on the box and English, French, Spanish translations on all packaging. Internal shrink wrap protects the product in the box from dust/external damage.

1-1/2" Diameter, 18/8 Stainless Steel, 3" Base Diameter, 1-1/2" Wall Clearance, Concealed Mount.
For persons up to 500 lbs. Meets ADA requirements. Installation hardware and instructions included.

For best results, use water and a mild soap with a soft cloth. Avoid glass cleaners, general kitchen/bathroom cleaners and other abrasive cleansers, as those cleaners could damage the finish.

Soap & Water Method:

1. Fill a bowl or sink with warm water and add a squirt of dishwashing liquid or olive-based soap. Swish the water around with your hand to make suds.
2. Dip a rag into the soapy water and wring it out.
3. Wipe the hardware with the soapy rag. For tough grime, dip a soft toothbrush into the soapy water and scrub gently.
4. Rinse the rag, wring it out and wipe the hardware to remove the soap residue.
5. Buff the hardware with a dry chamois cloth to polish and shine it.

Vinegar Method

1. For tougher cleaning, use a solution of one part white vinegar to one part water.
2. Moisten a rag with vinegar solution.
3. Wipe the hardware with the rag. If the rag becomes dirty, rinse the rag with water and remoisten with the vinegar solution.
4. Buff the hardware with a dry chamois cloth for a nice polish and sheen.

Product Warranty

Hardware Resources believes in quality, integrity, and reliability. We uphold the highest standards of service and responsibility in the industry.

As such, Hardware Resources warrants all decorative bath hardware products against defects in material and workmanship as long as the original consumer purchaser owns the products, if the original consumer purchased the products from an authorized distributor of Hardware Resources. Hardware Resources cannot guarantee the quality or condition of products from distributors who do not agree to meet our high standards, and therefore, no warranty is provided for products from unauthorized sellers.

If the finish of any of these items tarnishes, corrodes, rusts, begins to chip or rub off or has any other defect, Hardware Resources will send to the original purchaser, a new replacement product of the same or comparable style and quality at no charge. If a replacement is no longer available, Hardware Resources will refund to the original purchaser, the current wholesale value of the item.

This warranty is a warranty of replacement only. Hardware Resources specifically does not warrant removal of the product nor installation of replacement new product. This warranty does not apply when the item has been tampered with, misused, improperly installed, altered from the original form, or damaged through improper cleaning, abuse or accident.

All brushed and machined finishes are created by hand to add texture to the item. We hold a tight range of acceptance for color variation, however, a slight variance in the texture and tone of these items can occur. We consider these variances to be minimal and are not considered a defect in the product

In the unlikely event that a defective decorative bath hardware item is encountered, please contact Customer Service at 800.463.0660. Please be able to provide a brief description and photographs of the defect.

Kitchen & Bath Sinks

In the kitchens of today's modern homes we no longer find just a cook, we find aspiring chefs. All great chefs need great assistants, a handy helper, and more space and convenience. Find just that in a Stainless Steel Sink.

All Hardware Resources sinks are:

- Made of high quality materials – SUS304 Stainless Steel with 18/8 chromium/nickel content, has a high resistance to rust and corrosion, and oxidation.
- Insulated – An added insulated layer to the bottom of these sinks reduces sound when items are placed in the sink.
- Reinforced – Added reinforced plates to the sides and bottom of the sink help prevent bending or buckling to this quality addition in your kitchen.
- Manufactured responsibly – Care has been taken to protect the environment while giving you an easy-to-clean, quality product.
- UPC Certified – These codes are designed to provide consumers with safe and sanitary plumbing systems. Unless otherwise specified, all stainless steel sinks are UPC Certified.
- Lifetime Warranty – Hardware Resources believes in quality, integrity and reliability by offering a lifetime warranty on all of our stainless steel sinks and accessories (see page 250).

Complies with ASME
A112.19.3-2008/CSA
B45.4-08

Premium Handmade Stainless Steel Sinks – Made from flat, high quality steel that is bent and welded into a geometric shape to provide the best usable space for dishes. The steel holds an even thickness throughout the unit, as compared to a drawn sink which will tend to have thin spots. Hardware Resources offers a nice selection of a farm house or undermount kitchen, utility and bar sinks in 16- and 18-gauge stainless steel.

Premium Drawn Stainless Steel Sinks – Made from flat high quality steel that is pressed over a die with a punch to form the shape of the sink. This process is repeated until the desired shape is achieved. The die and punch ensure a uniform quality to the look of the finished sink. Premium Drawn Sinks offer only a limited reduction in usable space over a handmade sink. Hardware Resources offers a selection of undermount kitchen 16-gauge stainless steel.

Drawn Stainless Steel Sinks – The only difference in these sinks from our Premium Drawn Sinks is the thickness of steel. Hardware Resources offers a nice selection of undermount kitchen, utility and bar sinks in 18-gauge stainless steel and a drop-in kitchen sink in 20-gauge stainless steel.

Mounting Kits:

All stainless steel sinks ship with mounting kits and templates. DXF files are available.

Porcelain Vanity Sinks

In today's bathrooms, our sinks need to hold up against life yet still look sophisticated and elegant. Hardware Resources offers just that in our undermount porcelain vanity sinks with the classic oval and the more trendy rectangle designs, both offered in two popular sizes.

All Hardware Resources vanity sinks are:

- Designed with the customer in mind – Formed with a deep bowl, providing more usable space within the bowl and a built-in overflow drain.
- Made of high quality materials – Porcelain is durable, easy to clean and resistant to corrosion.
- Manufactured responsibly – Care has been taken to protect the environment while giving you an easy-to-clean, quality product.
- UPC Certified – These codes are designed to provide consumers with safe and sanitary plumbing systems. Unless otherwise specified, all porcelain sinks are UPC Certified.
- Lifetime Warranty – Hardware Resources believes in quality, integrity and reliability by offering a lifetime warranty on all of our porcelain sinks (see page 208).

Complies with ASME
A112.19.3-2008/CSA
B45.4-08

For beautiful furniture-style vanities that coordinate with these sinks, please see page 209

Mounting Kits:

All porcelain sinks ship with mounting kits. DXF files are available.

The Do's:

1. When it comes to maintenance, the best thing is be consistent in cleaning. It is preferable to clean a little on a frequent basis than a heavy duty cleaning once in a while.
2. Make sure that the sink is always clean and dry when not in use. This is the best method of preventative maintenance.
3. Keep the drain clog-free to prevent standing water which can lead to mineral deposit build up. If a mineral build up should occur, use a mixture of vinegar and hot water to remove the deposit.
4. To clean the stainless steel sink, use a non abrasive cleaning cloth combined with a mild cleaning product or baking soda. For tougher stains use a mild abrasive cleaner like Barkeeper's Friend™, Ajax™ or Comet™.
5. Follow the direction of the grain when cleaning or scrubbing away stains, scrubbing against the grain will show as a scratch.

The Don'ts:

1. Don't leave soaps and other cleaners in the sink overnight. Do not use solutions with bleach in the sink. All of these items contain chemicals that may damage the sink if left on the surface.
2. Don't use steel wool on the sink. If aggressive cleaning is needed, use a Scotch-Brite pad and rub in the direction of the satin finish lines.
3. Don't leave bars of soap, wet sponges or cleaning pads on the faucet ledge. These items over time will dull and possibly pit the surface of the sink.
4. Don't leave salt, vinegar, citric fruit juices, mustard or pickles on the sink; wipe them up immediately as they contain citric acids which over time can etch the surface.
5. Don't leave any steel or cast iron cookware in the sink for a long period of time. This may also leave iron particles that will corrode the sink.
6. Don't use Lime-A-Way™ or similar cleaners as they will damage the sink's surface and will cause rusting.

Product Warranty

Hardware Resources believes in quality, integrity, and reliability. We uphold the highest standards of service and responsibility in the industry.

As such, Hardware Resources warrants all stainless steel and porcelain sinks against defects in material and workmanship as long as the original consumer purchaser owns the products, if the original consumer purchased the products from an authorized distributor of Hardware Resources. Hardware Resources cannot guarantee the quality or condition of products from distributors who do not agree to meet our high standards, and therefore, no warranty is provided for products from unauthorized sellers.

If the finish of any of these items tarnishes, corrodes, rusts, begins to chip or rub off or has any other defect, Hardware Resources will send to the original purchaser, a new replacement product of the same or comparable style and quality at no charge. If a replacement is no longer available, Hardware Resources will refund to the original purchaser, the current wholesale value of the sink.

This warranty is a warranty of replacement only. Hardware Resources specifically does not warrant removal of the product nor installation of replacement new product. This warranty does not apply when the item has been tampered with, misused, improperly installed, altered from the original form, or damaged through improper cleaning, abuse or accident.

In the unlikely event that a defective stainless steel sink is encountered, please contact Customer Service at 800.463.0660. Please be able to provide a brief description and photographs of the defect.
